TO ALL FEDERATIONS AND PLAYERS**Subject: Official Communication**

Dear Sir/Madam,

During its meeting on December 12, the FMJD Board decided to reduce the suspensions imposed on the 65 suspended players and all players from the Kazakhstan and Uzbekistan federations. As a result, these players will be eligible to resume competitions as of January 1, 2026.

In reaching this decision, the Board carefully considered several factors, including communication, the nature and severity of the violations, applicable IOC rules and recommendations, and the sanctions already served.

The FMJD emphasizes that strict compliance with all regulations remains essential. Any further violations may result in renewed or additional disciplinary measures.

Finally, the FMJD expresses its sincere hope that ongoing peace negotiations will move beyond rhetoric and lead to concrete and lasting peace.

We kindly request that all federations inform their players accordingly and ensure strict adherence to FMJD rules and obligations.

The FMJD takes this opportunity to wish all federations, athletes, officials, and partners a Merry Christmas and a happy New Year.

Sincerely,

*Digitally signed by***Jan van Dijk (Netherlands)**
