Dear colleagues,

Unfortunately, we need to announce the cancellation of Polish Open 2026 due to very low interest from the players. Such circumstances are outside of everyone control.

Nevertheless, cancelling FMJD World Cup is a heavy decision, and it was not taken lightly neither by organizers, nor FMJD EC. We have looked at the option to reschedule it, but the rest of the year is extremely busy with other national and FMJD events.

We were informed by the organizer that he already notified and compensated few players who have registered. The tournament is now removed by me from the online calendar. I similarly will prepare updated official calendar shortly.

Respectfully yours,

*Digitally signed by*

**Lyublyana Turiy (USA)**
